Privacy Policy

Website: albanianfest.eu
Project identity: AlbanianFest
Last updated: 7 October 2026
Version: 2026-10-07-r5

Contact: albanianfest@gmail.com

1. The project

Project: AlbanianFest
Project created by: Ecomlt Pro

AlbanianFest is the public name of the project presented on albanianfest.eu.

The data controller is identified in the downloadable Privacy Policy PDF on this page. For requests concerning your data, email albanianfest@gmail.com.

Data controller: Armand Thanasi
Email: albanianfest@gmail.com

2. What data we collect

The form asks for your full name, email, city of origin, country and total number of people, including you. Your phone number is optional. We do not ask for the names or contact details of accompanying people.

We also record the submission identifier, registration and consent dates, the privacy notice version, the source, the selected language and any visit attribution parameters. Organisational information about contact status is used to manage requests.

3. Why we use your data

We use your data to collect your expression of interest, estimate how many people might attend and contact you about AlbanianFest if the project takes shape. The legal basis is consent under Article 6(1)(a) of Regulation (EU) 2016/679.

Consent concerns this project. It does not cover general newsletters, promotions for other projects or additional promotional messages by SMS or WhatsApp. Providing an optional phone number does not automatically authorise these uses.

Expressing interest is not a booking, requires no payment and does not commit you to attending.

4. Required fields and consent

You may browse the website without completing the form. To submit it, you must complete the required fields and select the consent dedicated to AlbanianFest. The checkbox is not preselected. You may leave the phone field empty.

You may withdraw consent at any time by contacting us and asking to receive no further communications. Withdrawal stops subsequent contact for this purpose and does not affect the lawfulness of processing already carried out.

5. Processing and security

Data is processed using IT tools with access restricted to authorised people. The form checks fields, limits submissions and prevents duplicate registrations. Messages do not reveal whether an email address is already registered.

The browser temporarily keeps the fields in the tab so you can return from the documents to the form. This copy is deleted after a successful submission; consent is not restored automatically. The Cookie Policy describes this function and the technical submission receipt.

6. Recipients and transfers

We use Hostinger to host the website and handle server requests; Google Apps Script to transmit submissions to the private Google Sheets spreadsheet; and Gmail to receive and manage requests sent to albanianfest@gmail.com. Visitors cannot access the spreadsheet containing form data.

Providers may process data outside the European Economic Area. Applicable terms and safeguards are described in their notices: https://www.hostinger.com/legal/privacy-policy and https://policies.google.com/privacy/frameworks. For information about recipients and safeguards or a copy of relevant information, email albanianfest@gmail.com.

7. Retention

We keep your data while it is needed to manage your expression of interest and updates about AlbanianFest, unless you previously request deletion or withdraw consent. There is no fixed expiry date: the need for retention is reviewed periodically. When this purpose no longer applies, the data is deleted or anonymised.

If you no longer want us to keep your data, you may contact us and request deletion. We will handle the request without undue delay, within the time limits set by law and subject to any applicable retention obligations.

Retention management includes relevant copies, backups and exports. Withdrawal and deletion requests must also be applied to these copies, subject to any applicable obligations.

8. Your rights

Where provided by law, you may request access, rectification, erasure, restriction of processing, portability and objection. You may withdraw consent and lodge a complaint with the Italian Data Protection Authority, Garante per la protezione dei dati personali, through www.garanteprivacy.it.

To exercise your rights, you may contact us and specify that the request concerns data submitted for AlbanianFest. Requests are handled within the time limits set by law; a proportionate identity check may be required when necessary.

We do not use form data for automated decisions producing legal or similarly significant effects.

9. Updates

This notice concerns the collection of interest in AlbanianFest. Any new purposes, services or participation conditions will be described in the applicable information. The date at the beginning identifies the latest update.
